April 30, 2009

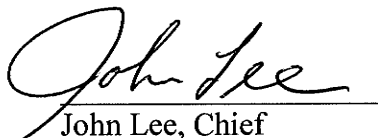

**Licensee:**

Mr. Leonard Vandenburg  
dba: Milk Movers of America  
P.O. Box 326

The California Department of Food and Agriculture (the Department) received an application to renew a Milk Handler's License (number 3029) from the above named licensee.

On April 16, 2009, the Department denied this application based on Food and Agricultural Code section 62146 on alleged violations of the following Food and Agricultural Code sections: 62147, 62073, 62091, 62092, 62095, 62095.1, 62195 and 62196, and section 300.1 of the Stabilization and Marketing Plan.

The licensee has a right to a hearing under the Administrative Procedures Act (Government Code) before this decision goes into affect. If the licensee wishes to have a hearing on the denial of his handler's license, he must present a written request for a hearing to the Department by May 21, 2009. If a hearing is not requested by this date, the licensee's right to a hearing is waived, and the Department's decision becomes final. If a hearing is requested, the licensee may dispute the Department's allegations and present any applicable defenses. In that event, the Department's final decision will be made after the hearing process is completed.
